

Certificate of Scriptural Authenticity *and* Promise of Blessing
in these re-creations of the
Two Stone Tablets
Carried off Mount Sinai by Moshe (Moses)

This is to certify that the two granite tablets of stone have been individually crafted (re-created) as close as humanly possible to the original Two Stone Tablets of the Covenant which were engraved on both sides by the Finger of YáHōWāH (אָיָהוָה) as recorded in Sh'Mot (Exodus) 34v1. The writing is authentic Paleo-Hebrew (of Phoenician derivation), which we believe was the type of writing on the Two Stone Tablets and the language used by YHVH Elokeykha in His direct speaking to Moshe and to the Children of Isra'El in those times (mid-Fourteenth Century BCE). The rough-hewn granite used in this re-creation is virtually identical in coloration as the granite forming Mount Sinai itself. There are no other know places in the world, except on those received at Mount Sinai, where His Name אָיָהוָה is engraved in the original alphabet along with the full text of the Ten Words (Commandments) as given in Sh'Mot 20v2-17.

The table upon which the re-created Two Stone Tablets are mounted is of unique design and was specifically built to display both sides of each tablet with equal facility. This table has been individually hand crafted of genuine solid walnut and will last for centuries to come. The re-created Two Stone Tablets of the Covenant engraved on both sides in authentic Phoenician Paleo-Hebrew will exist as long as the earth itself.

This Certificate of Re-creation is for Stone Tablets {Set No. X} crafted in DD/MM/YYYY
